## ***Sun Life Excited to offer a New Alternative for Dental Patients***

**CASA GRANDE - Now Available!** Sun Life Family Health Center is excited to announce the arrival of the Bariatric Dental Bench, an alternative solution for the many people who have encountered obstacles receiving comfortable dental care.

The Bariatric Dental Bench is designed for patients that are wheel chair bound and/or cannot be accommodated on a conventional dental chair because of their weight. The new dental chair has a removable seat added to a compact wheelchair platform lift and changes the platform into a wide dental couch with full seating support including an adjustable headrest and footrest to provide an ergonomic solution for wheel chair bound and/or bariatric patients.

### **Features include:**

- **Wide seat, adjustable back, and headrest support to accommodate all patients' height and weight with optimum comfort**
- **Fits any size wheel chair to eliminate transfer and offer dental care in the comfort of patient's personal wheel chair**
- **Tested to hold up to 825 lbs.**
- **Easy clean antimicrobial cushion surfaces**

The new bariatric dental chair will be located at our pediatric dental location at 1864 E. Florence Blvd., Suite #1, Casa Grande. Hours are Monday-Friday, 8 a.m.-5 p.m.

Sun Life offers both insured and the underserved and uninsured populations of Pinal County the benefit of great health and dental care. A dental discount is available to qualifying individuals, as well as a payment plan option.

For more information and to make an appointment, call Sun Life Family Dentistry at (520) 381-0381, or visit Sun Life's website at [www.SunLifeFamilyHealth.org](http://www.SunLifeFamilyHealth.org) for more information.
